

# INTRODUCING: YOUNG PROFESSIONALS

## Young Professionals Committee

Designed to encourage under-45 members' involvement in every level of the Federation including networking, education and advocacy initiatives, the Young Professionals committee helps lead NAHB's efforts to make membership more attractive to this important demographic by exploring services and products that will better serve its unique needs.

The committee provides the NAHB Board of Directors with guidance on ways to enhance the younger member's association experience and provides insight on mentoring, leadership training and entrepreneurial and general education for emerging industry professionals.

Additionally, the committee sponsors the NAHB Young Professional Award, which recognizes NAHB members under the age 45 who have dedicated their time, effort and careers to the home building industry.

The Young Professionals Committee has three working groups: Grassroots, Leadership Development, Awards & Recognition and Events & Engagement.

Cel Demers with Emser Tile, was elected to represent this committee as the State Chair during the October IBCA seminar. Cel is an Associate Director on the Board of Directors and is the Public Relations Chair.

If you are interested in being part of this vibrant and fun committee, the first meeting will be held December 18th at 3:30 PM @ Seasons in Coeur D' Alene. Please contact Cel Demers at (509) 998-2784 for more information.
